Oğuz Yılmaz, *Necmettin Erbakan University*, Turkiye

About the Journal

The International Journal of Academic Studies in Technology and Education (IJASTE) is a peer-reviewed scholarly online journal. The IJASTE is published quarterly in Winter and Summer. The IJASTE is published biannual as an international scholarly, peer-reviewed online journal. There is no publication fee in the IJASTE. The IJASTE is an international journal and welcomes any research papers on education and technology using techniques from and applications in any technical knowledge domain: original theoretical works, literature reviews, research reports, social issues, psychological issues, curricula, learning environments, book reviews, and review articles. The articles should be original, unpublished, and not in consideration for publication elsewhere at the time of submission to the IJASTE.

Submissions

All submissions should be in electronic (.Doc or .Docx) format. Submissions in PDF and other non-editable formats are not acceptable. Papers are accepted only in English. Manuscripts can be submitted through the journal website (<https://www.ijaste.com>). All manuscripts should use the latest APA 7 style. The manuscript template for formatting is available on the journal website.

The Challenges of Distance Education and Evidence-Based Solution Suggestions <i>Emel Duman</i>	50
Effects of Bangla Literature Courses on Students of English Department in Bangladesh <i>Farah Diba Yasmin</i>	65

From Editor

IJASTE, the International Journal of Academic Studies in Technology and Education, is pleased to be able to provide valuable research to its valued readers in its first issue. We have included the works of eminent researchers from a wide and diverse geographical area. The articles in this issue are written by researchers from the United States, Turkiye, Bangladesh, and Ghana.

The topics covered in this issue range from conservation studies, educational strategies and thinking skills, distance education, and language-literature relations. Conclusions and recommendations in the articles will inspire scholarship and literature and guide future research.

We are grateful to all the editorial teams and authors for their contribution to this issue.

Dr. Mustafa Tevfik Hebecci
Editor in Chief
